MINUTES

1. **Welcome and Call to order** – *President Barkley Coggin*

Please be sure to sign in with your name, email, and phone as appropriate so we can keep you informed of meetings and events. Please consider joining the national Electric Auto Association if you are not already a member. The application can be found on the website: HYPERLINK "http://www.eaaev.org" www.eaaev.org. You can also find lots of information about electric vehicles and about the goals of EAA on the website. The purpose of the EAA is to raise awareness of electric vehicles and alternatives to fossil fuels.

2. **Introductions - Please be sure to sign in also!**

Briefly provide: name, why you are here, if you are an EAA member, whether you own/drive an EV

3. **Revision and/or approval of minutes**

Voting Members (paid National EAA members)

Secretary was sick and has not had time to get the minutes completed.

4. **Chapter Business & Officers' Reports - as needed**

President- The Phoenix EAA Chapter met last week. They have a very large and active group. They meet the last Saturday of the month at 10:00 at the APS solar facility on McClintock. Barkley would like to get a group together to carpool to the meeting on Nov. 24th. Barkley will start a list of equipment and supplies that members can rent at a greatly reduced fee from other members. This is a perk of membership!

Vice-President Our Chapter is in the process of setting up a website and it will be www.flagstaffeaa.org. We would like to put photos of chapter members' EV's on the website. Officers will be getting a "generic" email address associated with the website.

Secretary/Treasurer – Jo asked if it would be a possibility to move the meeting to a weekend night or even any other weeknight because Wednesdays are really tough for her. It was decided to let everyone think it over and we will discuss it at December's meeting.

Motion to adopt the American Legion as our regular meeting place, with the option of meeting elsewhere if there is something interesting going on: Barkley Coggin

Seconded: Bill Schlanger

Motion Carried unanimously.

5. Presentation & Discussion

Barkley gave a brief introduction of electricity for Evers and showed a video about Plug-In Hybrid-Electric Vehicles (PHEV's). There was interesting discussion and debate about the fact that PHEV's still use gas and oil... on the other hand, it does greatly reduce our usage of gas and oil, and we don't live in a perfect world. (Reality vs. Idealism) Some good resources: HYPERLINK "<http://www.pluginpartners.org>" www.pluginpartners.org and HYPERLINK "<http://www.calcars.org>" www.calcars.org. Plug-in Hybrids are not currently available for purchase but some, like the Toyota Prius, for example, can be converted.

6. Next Meeting: Wednesday, December 5, 2007 – American Legion

7. Adjourn
